DETAILED ACTION

Terminal Disclaimer

1. The terminal disclaimer filed on August 22, 2006 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US Patent 7,034,662 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

2. Claims 1-49 are allowed.

Applicants filed a terminal disclaimer, and, therefor, the rejection of claims 1-5, and 9-11 has been withdrawn.

Claims 6-8 were allowed, but objected to as being dependent on rejected claim 1. Claim 1 is in condition for allowance, and therefor, the objection of claims 6-8 is withdrawn. Reasons for allowance were provided in the Office Action of June 19, 2006.

Claims 13-30, 41-43 and 46-47 were allowed, and reason for allowance provided, in the previous Office Action.

Claims 31-40 were objected to because there was no support in the specification for the claimed subject matter. Applicants have amended claim 31 to recite that the power and data transfer assembly is configured to facilitate electrical communication. The objection to claims 31-40 is withdrawn.

Claims 44-45 and 48-49 were rejected under 35 U.S.C. §112(2) for being indefinite. Applicants have amended these claims to remove the indefinite phrase. The rejection of claims 44-45 and 48-49 is withdrawn.

3. The following is an examiner's statement of reasons for allowance: Claim 1 is allowable because the prior art does not teach or suggest a power and data transfer assembly comprising first and second power conductors, a third power conductor configured to conduct data and power, a neutral conductor configured to return power and conduct data in cooperation with the third conductor, and a disconnect configured to interrupt power through the first and second conductors, wherein the third power conductor and the neutral power conductor maintain one phase power and data signals to the device upon interruption of power to the first and second conductors.

Statements of allowance for independent claims 13, 26, 31, 41, and 46 were provided in the Office Action of June 19, 2006.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
